MIDWEST LIVESTOCK REVIEW

and

RANGE AND FEEDLOT SALES

Prices advanced on all classes of livestock. Curtailed marketings coupled with sharply higher prices in the dressed trade contributed to higher steer and heifer prices. The number of slaughter steers sold out of first hands during the holiday week at the seven markets totaled 57,200 head, and with the exception of the week ending January 5, 1961, was the smallest since early April 1955. Slaughter steers and heifers sold 25¢ to \$1.00 higher. Slaughter cows were strong to \$1.00 higher. Feeder cattle and calves sold steady to 50¢ higher. Barrows and gilts closed 75¢ to \$1.50 higher. Spring slaughter lambs were uneven, mostly 50¢ to \$1.00 higher.

SLAUGHTER CATTLE AND CALVES - The holiday shortened week was featured by active trading and higher prices. Slaughter steers and heifers sold 25¢-\$1.00 higher under the influence of curtailed receipts and higher wholesale dressed beef prices. Best demand at most points was again centered on slaughter steers grading Choice and Prime and weighing over 1150#. Slaughter cows sold strong to \$1.00 higher. Bulls were steady to 50¢ higher. Vealers at St. Paul and St. Louis closed unevenly strong to \$3.00 higher. This week's upturn in slaughter cattle prices was a continuation of the higher trend which began late in June and at several markets prices on steers and heifers reached the highest point in several years. The price upturn was accompanied by \$5.00-6.00 advances for steer and heifer beef in the dressed trade. Bulk of the supply at most points was comprised of Good to average Choice steers 1200# down with Prime making up near 10 percent of the supply at Chicago. A slight increase was noted in the percentage of heifers at several markets with this class making up near 30 percent of the saleable supply at Omaha. Cows comprised 9 percent of the 12 market receipts.

Slaughter steers: At Chicago loadlots high-Choice and mixed Choice and Prime 1150-1350# brought \$31.50-33.00 with loadlots Prime 1125-1450# at \$32.75-33.50, load 1327# \$34.00. At other centers scattered loads high-Choice and Prime 1100-1400# cashed at \$30.25-32.00. Bulk Choice 900-1400# sold from \$20.50-31.00; Good \$25.00-28.00. However, numerous loads mixed Good and Choice 950-1250# steers brought \$28.50-29.25 at Chicago. Standard and low-Good cashed at \$22.50-25.00.

Slaughter heifers: High-Choice and Prime sold from \$28.25-29.00; at Chicago four loads 935-970# brought \$29.25-29.50 with load Prime 1116# \$30.00. Bulk Choice over the area cashed at \$26.00-28.50; Good \$23.00-26.00; Standard and low-Good mostly \$20.00-24.00.

Slaughter cows: Utility and Commercial brought \$14.25-16.50, few up to \$17.00; Canner

and Cutter \$12.00-15.50.

FEEDER CATTLE AND CALVES - Receipts of feeder cattle and calves at terminal markets were appreciably smaller than the previous week. This was due in large part to the fact marketings were interrupted by a Monday holiday. However, supplies also fell short of the Labor Day week a year ago. Relatively good late season pasture conditions have been a factor in slowing the marketward movement. In addition, range contracting of cattle has been extremely widespread this season and has diverted many from terminal markets. Further sharp upturns in slaughter cattle prices gave additional impetus to the good demand for feeders which has characterized trading during the past couple of months. In brisk trading prices generally were steady to 50¢ higher. At Kansas City the market registered a 50¢-\$1.00 upturn and at Oklahoma City prices were steady to \$1.00 higher, extremes \$2.00 up.

Feeder steers: Good and Choice 800-1000# largely \$23.00-27.00. At Omaha several load-string of Choice 937# brought \$27.00 and Choice fleshy 1240# went at \$24.50. At Sioux City Choice 850# reached \$28.00 and 900# Nebraskas with a reputation brand brought \$27.50. Aggressive slaughter buyer competition on partly fattened two-way steers often was too much for feeder buyers even though a very good demand existed for fleshy cattle suitable for an additional short term in the feedlot. Good and Choice 550-750# \$24.00-28.50, few loads Choice and mixed Choice and Fancy 525-600# \$29.00-32.50. Medium 550-750# chiefly \$20.00-23.50.

Feeder heifers: Good and Choice 525-750# \$22.50-26.50, load Choice 675# included at \$26.50; shipment 550# \$28.00.

Feeder calves: Moderate number Choice and mixed Choice and Fancy 550-500# steers \$31.50-34.00; other Good and Choice 350-550# \$25.00-31.00. Good and Choice 300-500# heifers \$23.00-29.00; three loads Choice 413-466# \$30.00-30.25.

HOGS - Terminal markets - The sharpest one week price advance since mid-June boosted prices of barrows, gilts and sows to the highest level since October, 1958. This advance was prompted by curtailed supplies coupled with a sharply higher dressed trade. For the week, barrows, gilts and sows were 75¢-\$1.50 higher. St. Paul was the bellwether with several hundred barrows and gilts early Thursday at \$20.50. Supplies at the twelve markets for the holiday shortened period were down 39 percent compared with the five days the week previous, and 29 percent smaller than the four-day period a year ago. About 14 percent of the supplies consisted of sows. Barrows and gilts averaged near 220# at most terminals which was little different than

recent weeks this season.

Barrows and gilts: U. S. 1-2, 200-240# closed at \$19.75-20.00, few reaching \$20.25 at St. Paul. No. 1-3, 190-260# \$19.25-19.85, with relatively large volume reaching \$20.00 at several of the western Corn Belt markets.

Sows: Prices were uneven. Generally U. S. 1-2, 250-350# \$17.75-18.75, few lots \$19.00 at Sioux City and Omaha. No. 1-3, 350-400# \$16.75-17.75, No. 2-3, 400-550# \$15.50-17.00. Omaha and Sioux City reporting lots near 400# at \$17.50-18.00.

Feeder pigs at St. Paul were fully \$1.00 higher with Choice 120-160# selling at \$18.00, mostly \$18.50. Sioux City feeder pigs were steady to 25¢ higher, with Good and Choice 130-160# selling at \$15.50-17.00.

Interior Iowa-Southern Minnesota hog receipts for the holiday shortened week totaled 155,000, compared with 297,000 in the full period of the preceding week and 284,000 in the short week a year ago. Available supplies were generally short of trade requirements and prices advanced each day until Friday when some weakness developed. For the week barrows and gilts were 75-85¢ higher and sows 60¢-\$1.00 up.

Barrows and gilts: On Friday, most U. S. 1-3, 200-240# barrows and gilts \$18.00-18.75, few mostly No 1-2 \$18.75-19.00 and few mostly No. 2-3 \$17.75-18.00.

Sows: U. S. 1-3 270-400# sows \$15.50-17.50, few No. 1-2 270-300# \$17.50-17.75; 400-550# mainly \$14.00-16.00.

Interior Illinois - Receipts totaled 80,600 compared 111,300 last week and 79,200 a year ago. Demand good. Barrows and gilts sold 75¢-\$1.25 higher than last week. Sows were 50¢-\$1.00 higher.

Barrows and gilts: On Friday, U. S. 1-3 190-260# \$18.25-19.00; mostly \$18.50-19.00; few northwest areas \$18.25-18.50. Sorted No. 1-2, 200-240# \$19.00-19.25. Sorted No. 1 \$19.40-19.50; No. 1-3 185-210# and 260-280# \$17.75-18.50.

Sows: U. S. 1-3 250-350# \$16.00-17.00; No. 1-2 280-330# \$17.25-17.75. No. 1-3 350-450# \$15.50-16.50. No. 2-3 450-500# \$14.50-15.50, No. 2-3 500-600# \$13.50-14.50.

SHEEP AND LAMBS - Receipts at the 12 major terminal markets totaled 84,000 head, compared with 109,000 last week and 103,000 during the comparable holiday shortened week last year. Curtailed receipts and higher dressed lamb prices at wholesale centers were factors that combined to stimulate a good demand and prompt higher live costs. The advances marked the first price upturn in four weeks. Spring slaughter lambs closed mostly 50¢ higher, some 75¢-\$1.00 higher, with Choice and Prime \$1.50-2.00 higher at St. Louis and \$2.00-2.50 up at St. Paul. Fort Worth was an exception at steady to 50¢ lower prices. Slaughter ewes sold mostly steady to 50¢ higher, feeder lambs steady.

Spring slaughter lambs: Most Choice and Prime 80-110# \$20.50-22.50, one load Prime 90#

\$23.00 at Chicago. Mixed Good and Choice 70-113# \$18.00-21.50, mostly \$19.00-21.00.

Shorn slaughter lambs: Limited Choice and Prime spring lambs 86-108# No. 1-3 pelts \$19.00-22.00; mixed Good and Choice 70-105# \$18.00-21.00.

Slaughter ewes: Shorn, Cull to Good \$3.00-5.50, few \$6.00-6.30.

Feeder lambs: Choice and Fancy 64-87# western lambs \$17.00-19.30, three decks Fancy 87# in Choice slaughter condition \$19.60 at Denver, and 645 head-string 69# Colorado range lambs \$20.50 at Chicago. Choice and Fancy native lambs \$16.00-18.00, Good and Choice 50-80# mostly \$14.00-17.00.

Interior Iowa-Southern Minnesota area sheep and lamb receipts totaled 8,900 head, compared with 14,100 last week and 15,800 last year. Reduced supplies against higher dressed lamb prices were factors that served to strengthen live prices. Compared with previous Friday spring slaughter lambs closed strong to 50¢ higher, slaughter ewes steady.

Spring slaughter lambs: Choice, and including some Prime, 80-110# delivered \$19.00-20.00 and some with an over-night stand \$20.00-21.00. Mixed Good and Choice \$18.00-19.00, mostly Good \$16.50-18.00.

Slaughter ewes: Shorn, Cull to Good \$3.00-5.00.

BOSTON WOOL MARKET REVIEW

There was only limited activity during the post Labor Day period. Supplies were relatively small and prices were firm. There were only scattered sales in the domestic primary areas. Woolen wools and noils with trade moderately active at fully steady prices.

Cabled reports from Australia indicated good general competition with prices at the Brisbane and Perth auctions one to two pence higher. Cape sales resumed this week with the opening firm. Continent, Eastern Europe, Bradford and Japan were principal contenders at foreign auctions.

Fleece Wools - Remained very quiet with sales insignificant.

Territory Wools - Graded 60/62s good French combing and staple sold around \$1.20, graded 56/58s around \$1.10-1.12 and 50/54s at \$1.07-1.08, clean basis.

Texas Wools - Trading very slow. Reports from recent sale at Del Rio where around 100,000 pounds original bag Texas wool all lambs 64s and finer brought 51¢ to 52¢ in grease.

Mohair - Trading extremely slow.

Foreign Wools - Types and descriptions of foreign wools used in these reports follow:

Australian average spinners best topmaking warp fleeces: Type 55-64/70s; warp and half-warp: Type 61-64/70s; 62-64s; 63-60/64s. WHOLESALE MEAT TRADE REVIEWS

LESS THAN CARLOT MEAT TRADE REVIEW

EASTERN SEABOARD - Steer carcass prices were \$1.00-3.00 higher with the major portion \$2.00 higher. Cow beef sold strong to 50¢ higher. At Washington, veal prices were strong to \$2.00 higher, steady to \$2.00 lower at Philadelphia, and steady at other Eastern Seaboard markets. Lamb prices at New York were up \$1.00-1.50 and at Washington \$1.00-3.00 higher. Higher price trends prevailed on all pork cuts as loins closed \$2.00-8.00 higher; Boston butts \$1.00-4.00 up; fresh skinned hams \$2.00-5.00 higher and spareribs strong to \$2.00 above previous period.

Prices were \$1.00-1.50 higher for kosher steer forequarters and lamb sold \$1.00-2.00 higher. Quotations were unchanged for kosher dressed veal and calf foresaddles.

Receipts of steer beef and pork were conservative and available supplies were mostly moderate but extremely small at the close at the New York market. Volume of veal and calf was normal, lamb near normal. Bulk steer carcasses were 500-700# weights in the Good and Choice grades. Trading was active for steer carcasses and cuts during the short holiday week. Demand was only moderate. Cow beef, veal, calf and lamb moved out at a normal pace, and at New York outlet was noticeably improved. Pork trade was moderately active on early sessions, however, buyer activity was very brisk at the close. Clearance was complete for all classes of fresh meats along the Eastern Seaboard.

CHICAGO - Compared to last Friday: Choice steer carcasses sold \$2.00-2.50 higher, this coming on top of the previous week's sharply higher trend. Standard and Good beef carcasses were \$1.00-2.00 higher. Good and Choice heifer beef sold \$1.50 higher; veal steady; spring lamb mostly \$1.00 higher; pork loins 8-16# \$5.50-7.00 higher, Boston butts 4-8# \$3.00-6.00 higher, spareribs 3# and down \$1.50-2.50 higher.

Only moderate supplies of all fresh meats and higher replacement cost contributed to the sharp price advances. Steer carcasses weighing over 700# continued scarce and weight an important price determining factor, particularly on loins and ribs. Trading was active on the limited supply of veal and lamb. Substantial price advances were made on all pork cuts in view of short supply. Weight preference for lamb and pork cuts was often disregarded in

order to obtain sufficient quantity to fill orders.

PACIFIC COAST - Carcass steer and heifer beef sold steady to \$1.00 higher, the most advance in California for Choice grade. Cow beef was steady to strong except in Los Angeles where the trend was steady to 50¢ lower. Calf held at mostly steady levels although occasional sales 300-375# weights \$1.00 lower in Los Angeles. Spring lamb sold steady to weak in California, steady to \$1.00 lower in the northwest. Fresh pork loins were firm to \$6.00 higher, the sharpest advance in Los Angeles and that measuring \$5.00-6.00; otherwise all other pork items were generally firm to \$2.00 higher.

Supplies of most meats were normal, but in the Los Angeles area Choice steer and heifer was slightly short of requirements. The higher price trend on those classes was a reflection of advancing midwestern prices in the live trade. Los Angeles packers and distributors experienced difficulty in obtaining sufficient numbers of live hogs and pork from midwestern suppliers.

CARLOT MEAT TRADE REVIEW

CHICAGO, DENVER, OMAHA, NEW YORK AND PHILADELPHIA - Prices for steer and heifer beef advanced under good demand and below normal supplies. Price quotations at some centers reached the highest level in several years. Trading was active until midweek but slowed later and part of the early advance was erased at some shipping points. Prices on steer beef were from \$1.00-2.00 higher. Heifer beef sold 50¢ to \$2.00 higher, mostly \$1.00 higher. Cow beef was steady to \$1.00 higher, mostly steady to 50¢ up. Clearance on beef was generally good.

Demand was good and trading moderately active for a below normal supply of spring lamb and prices were \$1.00-2.00 higher. Clearance was good.

Trading was active for a below normal supply of pork products. Pork loins at Chicago were \$5.50-7.50 higher, pork butts sold from \$2.00-5.00 higher. Fresh hams were \$1.50-4.50 higher. Pork carcasses at Philadelphia sold \$1.00-1.50 higher. Clearance was good on pork supplies.
